---------------	---

→ Participation at the expert seminar is free. Workshops take place at Alice Salomon University of Applied Sciences (ASFH), Alice-Salomon-Platz 5, 12627 Berlin, in Room 301, 3rd floor. Take the U5 and get off at "Hellersdorf" and follow the signs to "Alice Salomon FH". You can already see the ASFH from across the platform.

→ All participants take care for accommodation themselves.

→ For further information about the programme or the alumni initiative "alice in the field" visit the website www.alice-in-the-field.org.

¹ Since the Expert Seminar takes place during festivities of the 100th anniversary of the Alice Salomon University, this event provides a great opportunity to present working results and beyond that, the alumni initiative 'alice in the field' itself to the public.
